Automatic Temperature Screening Kiosk

The proximity sensor and IR temperature reading kiosk also provides a digital display which allows space to display regulations and custom advertisements.

The kiosk also dispenses hand sanitizer and Personal Protective Equipment

Ideal for :

- ◆ Schools;
- ◆ Corporate Headquarters;
- ◆ Restaurants;
- ◆ Airports;
- ◆ Retail Businesses;
- ◆ Grocery Stores;
- ◆ Pharmacies;
- ◆ Healthcare Facilities;
- ◆ Recreational Facilities; or
- ◆ Anywhere groups of people accumulate

Smart solution for locations where groups of people accumulate.

Shows clients, customers, and employees that you comply with health regulations

Automated IR temperature gives fast visual readout on the Digital Display

Freestanding safety kiosk provides Personal Protective Equipment necessary to keep customers, employees and visitors feel safe
